MAINTENANCE

Keep the fabric clean by vacuuming regularly. Use a vacuum cleaner with a soft brush to avoid damaging the texture. Stains?

Gently remove them using a water-based solution, then wipe lightly with a damp cloth. Do not rub—blot only! Rubbing can cause damage or permanent stains. Avoid prolonged exposure to direct sunlight to maintain the fabric's quality.

MAINTENANCE

When cleaning rib fabric, always remove stains in the direction of the nap. Blot with a lightly damp, clean cloth to remove most stains easily. For more stubborn stains, let a damp cloth absorb the stain. Brushing afterward with a soft brush will help keep the rib fabric feeling wonderfully soft.
