MOJO BASE
element sofa

The new Base
for your interior

Meet Mojo Base: the renewed version of our beloved Mojo. It's signature soft, rounded shapes remain, while the vertical stitching has been replaced with a clean, seamless finish. The result is a calm, timeless foundation that blends effortlessly into everyday life.

A sofa to sink into, gather around and truly unwind. Thanks to it's modular elements, you can configure Mojo Base to suit your lifestyle perfectly. From a compact setup to a spacious corner sofa, it combines timeless design with everyday comfort and is made to be part of your home for years to come.

BOUCLÉ

The Liora is a refined bouclé fabric with a subtle color blend and a firm texture. This elegant fabric, made from 100% polyester, has a Martindale value of 100,000, making it suitable for intensive residential use. The sturdy bouclé structure ensures that the upholstery retains its shape and lasts a long time, even with daily use.

MAINTENANCE

The refined Bouclé fabric is easy to maintain. For stains, it is recommended to blot, as rubbing can cause light marks. Most liquids can be removed with lukewarm water using a gentle, circular motion from the outside in. Keep the fabric dust-free by using a special upholstery brush attachment on your vacuum cleaner.

WOOLLY

The Valley XL is a luxurious chenille with a soft, voluminous texture. This fabric is made from 100% polyester and has a Martindale value of 100,000, making it perfect for intensive residential use. Thanks to the chenille yarns, Valley XL feels exceptionally soft and gives the fabric a warm, inviting appearance.

MAINTENANCE

Be careful with sharp or rough objects, as they can damage the fabric. Keep the fabric dust-free by vacuuming regularly using an upholstery brush. Stains? Gently blot the stain with an absorbent cloth. Do not rub, as this may damage the fabric. Larger stains can be removed with lukewarm water and a soft cloth, using a gentle, circular motion from the outside in.

RIB FABRIC

The Remy rib fabric is a modern material that offers a luxurious appearance. Thanks to its special jacquard weave, the fabric has a rich texture and a velvety look. Our Remy rib fabric is made from 100% polyester yarn, giving it a soft touch. With a Martindale value of 80,000, you don't have to worry about scratches or pilling. In addition, the rib fabric has a reinforced backing and appears voluminous due to its wide ribs.

MAINTENANCE

For the best care of rib fabric, always treat stains following the direction of the ribs. Gently blot with a slightly damp, clean cloth to lift most marks. For tougher stains, allow a damp cloth to absorb the residue. Finish by softly brushing with a gentle brush to maintain the fabric's luxurious softness and texture.

VELVET

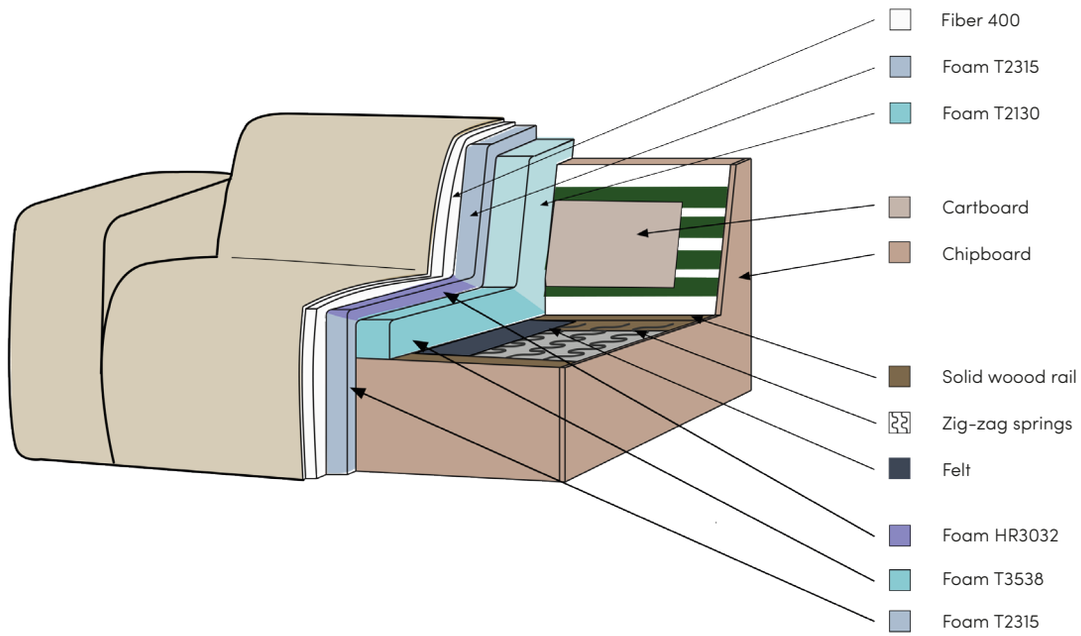

Our Jarra velvet fabric offers a luxurious look and a soft touch. Made from 100% polyester, it features a short pile with a subtle sheen and a rich, heavyweight quality. The reinforced backing makes it suitable for intensive use (Martindale 100,000). The fabric is resistant to pilling, colourfast, and surprisingly easy to maintain, ensuring it stays beautiful for years to come.

MAINTENANCE

Small stains can be removed by gently dabbing with an absorbent cloth. Larger stains can be cleaned with a mild detergent and a microfibre cloth. To speed up drying, use a hairdryer at a safe distance and gently brush the fabric afterwards with a velvet brush. For long-lasting stain protection, we recommend treating the fabric with a suitable textile protector immediately after delivery. Consult a sales advisor for the most suitable product.
