BROCK
cabinet series

Discover the Brock cabinet series
WOOOD design with character

The Brock cabinet series represents rugged and contemporary living. The warm gray and brown tones, combined with the visible grain pattern of ash veneer, give each piece of furniture a natural and timeless look. Thanks to its modular design, you can easily create your ideal cabinet configuration.

The Brock cabinet series is designed and produced in the Netherlands, ensuring high quality and craftsmanship. The Brock carries the FSC®-label. The international FSC®-label guarantees that the raw materials for wooden products (or products containing wood) come from responsibly managed forests.

Make Brock your own
assemble the cabinet your way

Get to know the modular versatility of the Brock cabinet series. This cabinet can be assembled in various ways, allowing you to decide the order in which the cabinet doors are placed. This way, you can tailor Brock completely to your personal style and preferences.

The Brock is designed to be expanded: step by step, you can build a custom wardrobe wall. Brock thus forms a flexible and stylish foundation for any interior. The assembly options are available on the following pages. Additionally, all options are clearly explained in the included manual, so you can easily create your ideal configuration.
